RA-II and -V WIS Application Pilot Project (PP-App)

Welcome to PP-App website!

The WIS Application Pilot Project (PP-App) was established in order to develop software applications for support WIS functions as the next phase of the VPN Pilot Project in Regions II and V. And this Project focuses on internet-based applications designed to run on PC for every Member's WIS operations.

The Australian Bureau of Meteorology (BoM), the China Meteorological Administration (CMA), the Hong Kong Observatory (HKO), the Japan Meteorological Agency (JMA) and New Zealand MetService continue to lead this Project, and all NMCs in the Regions can join as participants, to comment about the applications.

The participants of this Project are currently [here](#).

Themes of PP-App and objects of this website

This Project starts with following themes:

Participants list

Lead Centers of PP-App

- Australian Bureau of Meteorology (BoM)
- China Meteorological Administration (CMA)
- Hong Kong Observatory (HKO)
- Japan Meteorological Agency (JMA)
- New Zealand MetService

Participating Centers of PP-App

- Bangladesh Meteorological Department (BMD)
- Brunei Meteorological Service (BMS)
- Department of Meteorology, Cambodia (DoM, Cambodia)
- Fiji Meteorological Service (FMS)
- India Meteorological Department (IMD)
- Islamic Republic of Iran Meteorological Organization (IRIMO)
- Korea Meteorological Administration (KMA)
- Department of Meteorology and Hydrology, Laos (DMH, LaoPDR)
- Malaysian Meteorological Department (MMD)
- Department of Meteorology and Hydrology, Myanmar (DMH, Myanmar)
- Department of Meteorology, Oman
- Pakistan Meteorological Department (PMD)
- Philippine Atmospheric, Geophysical and Astronomical Services (PAGASA)
- Presidency of Meteorology and Environment, Saudi Arabia (PME)
- Meteorological Services Division, Singapore
- Department of Meteorology, Sri Lanka (DoM, Sri Lanka)
- Thai Meteorological Department (TMD)
- National Hydro-Meteorological Service, Viet Nam (NHMS)
