COVID-19

WIS Workshop

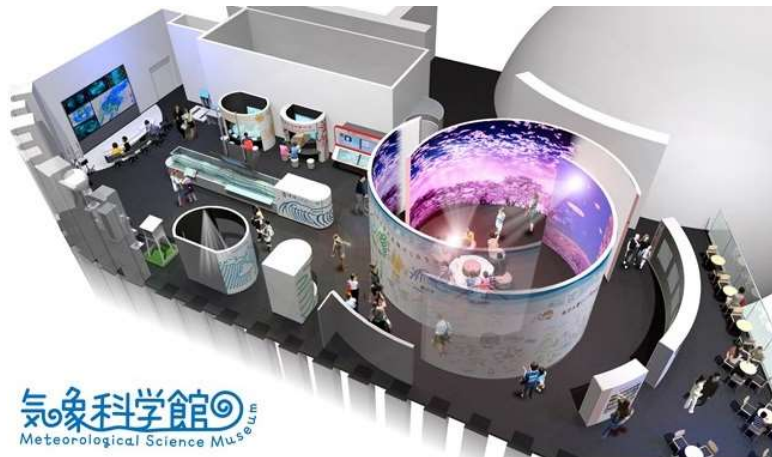

Future Plan

- It is very important for GISC Tokyo to visit your country to support the implementation of WIS
- Unfortunately, we are unable to make any prediction due to the coronavirus
- Instead of that, it would be possible to have a meeting online
- GISC Tokyo will make a plan for a face-to-face meeting when things settle down with the coronavirus

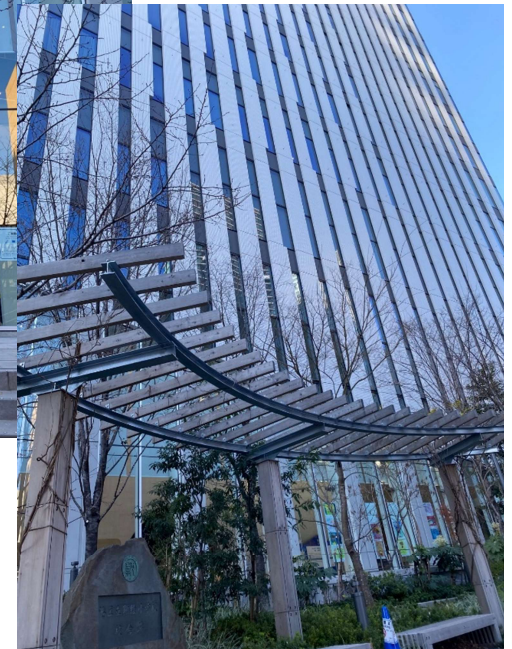

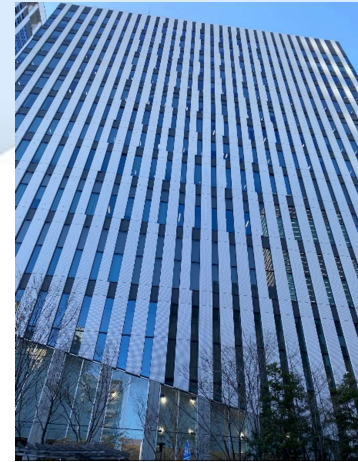

New Building of JMA Headquarters

JMA Headquarters moved from Otemachi to Toranomon in November 2020

- 14 floors above ground and two below
- Meteorological Science Museum (2nd floor)
